SB 550	Ashburn	Gangs; safe school zone	Crimes & Sent	Rusk	T2	Addition term if crime committed 1000' of park
SB 553	Aanestad	Decedents' estates	Probate	Stuart	T1	<u>This bill sets new estate values required for most, if not all, probate filings as well as increasing the amount that may pass outside the court via a PrC 13100 affidavit and other summary processes for small estates.</u> This bill would decrease the number of Petitions to Administer Estate filed and probably increase filings for other petitions such as Petitions for Succession to Real Property. It may (or may not) lead to a decrease in revenue due to a drop in new probate cases. It would also probably increase workload for the Public Administrator. Current JC forms would need revision to address the new amounts allowed. <u>This bill was amended to reduce the estate value required to probate an estate from the original proposal of \$300k to \$150k (currently law sets the amount at \$100k). It will allow the PA to administer estates of this value if no one else is available to do so. The amendment may serve to modify the the impact on the courts since there's only a \$50,000 difference between current law and this bill's proposed limits.</u>
